State of Oregon, County of Marion, ss: Salem, Ore., Aug. 24, 1901.

Crippled and Many Years an Invalid.

To whom these presents shall come, Greeting:
About fourteen years since at nine years of age I met with an accident which resulted in the formation of stumped shoulders and hip, a shortening of the waist and displacement of internal organs, and shortening of about two inches of one limb between the knee and hip. In addition to the outward appearance of my body as above described in March 1900 I was taken with a severe attack of La Grippe from the effect of which I suffered greatly with my lungs and heart, and when in May 1901 I came to and began treatment with Dr. J. P. Cook my condition was about as follows:—Could perform no manual labor, could not stoop to pick anything from the floor. Could get about the house only with difficulty, and getting up stairs was next to impossible. Could use my limbs only with difficulty and one of them was much wasted. My nervous system was badly wrecked. Had cough and severe pain on lungs and heart, no appetite, could not sleep, and in many ways suffered almost constant and intolerable agonies. In short I was as much dead as alive. Prescribed by my attack of La Grippe I was treated over a period of years by many physicians at this time in straight to the back as anyone who would limit nature to normal size and but little more than half an inch shorter than the other. After free use of my limbs and can go up stairs with ease. Can get about and do pretty much any and everything other well people can do. My appetite is splendid, sleep soundly and am absolutely free from pain.
Having lived in Dr. Cook's family for nearly a year I have seen the effect of his treatment upon others, and can truly and cheerfully recommend the Dr. and his medical skill to all in any way afflicted.
The Doctor's treatment in this case was wholly confined to his medicinal remedies, no surgical administration. No resort to the use of knife, mechanical appliances or other method of treatment being employed.
LILLIAN ROSENBAUM, who has lived in this vicinity about nine years.
We, the undersigned, are personally acquainted with the above patient and cheerfully subscribe to the truth of the foregoing statement.
SUSAN HARRISON, A. V. ROSENBAUM, day of Aug. 1901.
W. W. HALL, County Clerk.
By A. McCULLOCH, Deputy.

Prince Chnu has arrived at Hong Kong but no guard of honor was provided with the exception of a few police. The Chinese merchants gave a banquet in honor of the Prince.

John A. Armstrong, 55 years old, at Toronto, Ont., found his wife lying dead in bed. He went to the cellar and hanged himself.

The five story brick building at 141-143 Ontario street, Chicago, was destroyed by fire early this morning. Loss \$60,000.

THE SPA

Has on the way from the East an elaborate Hot Soda Fountain, and will soon be in a position to serve hot drinks, such as Hot Bouillon, Cham Juice, Hot Chocolate and all other hot drinks which are so popular in other cities. We will be ready for business in a few days. Everything first-class.

INFANTRY ORDERED SOUTH

Every Soldier That Can be Spared

Must Get to the Front in South Africa.

Red Cross Society Complains - Buller's Fatal Telegram to White.

ALDERSHOT, England, Oct. 31.—It is understood that every available effective infantryman will be sent to the front in South Africa between now and Christmas. The departure of the cavalry brigade from Aldershot about the middle of November will leave only a single regiment of the regular cavalry in the United Kingdom.

THE HAGUE, Oct. 31.—The report of the Dutch Red Cross Society just published, deals bitterly with the capture of the Dutch ambulance corps near Pretoria, July 5, 1900. It declares the British knew before the ambulance left Pretoria that it carried private letters from Boer families to men in the field, and that they did not protest, but allowed the ambulance to start, captured it outside the town, and used the letters as a pretext for deporting the nurses and doctors, who are still in captivity on the Island of Ceylon.

The Red Cross committee, subsequently, persistently appealed to Lord Kitchener to redeem his promise to Mrs. Buller and allow the doctors and medicines to pass through the British lines for the benefit of the Boers, but no reply was made to the representations.

During a discussion of foreign questions in the Bureau of Second Chamber of the States General today, the report of the Dutch Red Cross Society formed the subjects of numerous questions addressed to the government. Several members urged the government to secure an arrangement with Germany with a view of bringing pressure upon Great Britain to submit the whole question to arbitration.

LONDON, Oct. 31.—The National Review gives the essential terms of the dispatch from Sir Redvers Buller to General Sir George White, when in command of the beleaguered British garrison at Ladysmith. According to this authority, the message ran as follows:

"I have been repulsed. You will burn your ciphers and destroy all your ammunition. You will then make the best terms you can with the Boers after I have fortified myself on the Tugela."

General Buller, in the speech which led to his dismissal from the command of the First Army Corps, challenged the National Review to publish the full dispatch and to explain how it was obtained, declaring that he would then publish a certified copy of the original and allow the public to judge the matter. The editor of the National Review now explains that he got the dispatch from a civilian who was in Ladysmith at the time, and who said there was nothing secret about it. He asserts also that he understands that both General Buller and General White have officially asked permission to publish the authorized version and that he cannot conceive why permission has been withheld. The same informant, giving an alleged explanation of the fact that there was no co-operation between Buller and General White during the battle of Colenso, says that General White was informed that the attack was fixed for December 17, but General Buller commenced the attack December 15, to the dismay of General White, who had not completed his preparations.

The Morning Leader characterizes the National Review's version of General Buller's dispatch to General White as "imaginary and misleading."

PADDED EXPENSE ACCOUNT

CHICAGO, Oct. 31.—The jury today returned a verdict of not guilty in the case of former Lt. Joyce, of the detective bureau, charged with conspiracy to defraud the state by means of an alleged padded expense account.

PEACE WITH THE POPE

NEW YORK, Oct. 31.—According to the Brussels correspondent of the London Times and the New York Times, diplomatic relations between Holland and the Vatican, which were interrupted by the exclusion of representative of the Pope from the Hague Peace Conference, are about to be resumed by the appointment of a new papal nuncio at The Hague.

LYNCHED FOR BOY'S CRIME

Kentuckians Find a New Excuse for Lynching Negroes.

HODGENSVILLE, Ky., Oct. 31.—A mob this morning lynched Silas Esters, a negro charged with forcing Granville Ward a boy to commit a crime.

So quietly and systematically did the mob go about its work that the citizens of the town were in ignorance of the existence of the mob until the negro was in its clutches.

The citizens composing the lynching party approached the jail and upon their demand the keys were surrendered to them. The cell in which the negro was confined was entered and the noose adjusted about his neck.

He was dragged down the jail stairs and out into the street. He managed to lurch the noose from his neck and made a break for liberty. The mob, crazed by anger, made after the negro, howling and shooting at him with guns and pistols. The negro fell when about 100 yards from the jail house, riddled with bullets. The noose was again placed about his neck and he was dragged to the court house and swung to the topmost step. The mob was formed in the neighborhood of the crime. When the work of lynching the negro was accomplished the members of the mob quietly dispersed and went to their homes.

KILLED FOR A DEER

NANAIMO, B. C., Oct. 31.—John Torrence, who owns a farm about one mile outside the village of Conoq, was shot and killed by John Peacey, a hunter. Peacey was deer hunting and coming out of the woods to Torrence's farm saw Torrence in a ditch that he was digging. Peacey mistook him for a deer and fired, shooting Torrence through the neck and killing him instantly.

FRENCH NAVY MOVES

PARIS, Oct. 31.—The French foreign office confirms the report that a division of the French Mediterranean fleet has proceeded from Toulon to the Levant to make a naval demonstration against Turkey.

Important Patent.

NEW YORK, Oct. 31.—An important patent connected with the St. Lawrence navigation has been issued and submitted to Mr. Tates, Minister of Public Works, by whom it will be laid before the Cabinet, says an Ottawa special to the Times.

The patent is designed to do away with the lighthouse buoys and in fact the entire paraphernalia for night navigation between Montreal and Quebec and substituting a submerged electrical system.

The main idea is to sink an electric cable in the center of the navigable channels with power transmitted from a power house at Montreal and lines of colored lights at or above the water level each side being of different color to those on the other side. The lights will be supported by cork supports.

Queen Victoria Memorial.

NEW YORK, Oct. 31.—The private view of the designs for the Queen Victoria Memorial at St. James Palace was a consolation stake for the unsuccessful competitors and also for the public, says the Tribune's London correspondent.

The accepted designs of Thomas Brock for the statutory and of Aston Webb for the improvement of the Mall and the landscape effects have not excited public interest nor quickened subscriptions, but when the other designs are examined in detail it is evident that the metropolis might have done worse. One design, however, provided for a recasting of the facade of Buckingham Palace. The best features of the designs is a series of arches for a processional road, representing Canada, Australia, India and Africa.

SCHLEY CLOSED HIS CASE

Another Officer of the Brooklyn Testifies

In Support of all That His Superior Claimed.

Report of the Battle Written by the Hero of Santiago Put in Evidence.

WASHINGTON, Oct. 31.—When the Schley court opened today Capt. T. S. Borden, was called as last witness to testify in Admiral Schley's behalf. Borden is an officer of the marine corps who served on the Brooklyn during the Cuban campaign. His testimony was therefore largely corroborative of the evidence heretofore given by others on the Brooklyn. The remainder of the day it was expected would be taken up with hearing the witnesses called by the navy department for the purpose of impeaching the testimony given in support of Schley.

At conclusion of Capt. Borden's testimony, counsel for Schley announced that they had closed their case. Capt. Parzer then asked to have put in evidence a number of documents including a report of the battle of July 3rd, which Schley made from Montevideo June 13, 1900. This report was admitted.

Lieut. Grant, of the Massachusetts, was called in rebuttal. When the questioning made it the evident purpose to bring out a conversation among the officers in the wardroom of the Massachusetts, in regard to the reconnaissance of May 31, Raynor objected, saying as Schley was not present, the evidence was clearly inadmissible. Lemley made a remark of Lieut. Sears, alleged to have been made as follows: "For God's sake, don't discourage him," meaning Commodore Schley.

"It is all we have been able to do to work him up to this," Parker said. "If commanding officers are to be judged by the foolish, ridiculous things young officers say in the wardroom, I don't know what would become of them." The court sustained the objection.

Capt. Sigbee was recalled for the purpose, Mr. Hanna said, of securing such facts as the court or counsel might want to elicit. Raynor contended the witness could not be called only in rebuttal. Lemley said the government had only rested its case and could not introduce new testimony. The controversy between the counsel continued until a recess was taken, the court not deciding the point raised.

OIL FROM KERN RIVER DISTRICT

Will Be Secured by the Standard Company.

SAN FRANCISCO, Oct. 31.—The Chronicle says that plans are now completed for the establishment of a large plant by the Standard Oil Company at Port Richmond in the near future. The plant will consist of a refinery to which oil will be piped from the Kern river district. A line of steamers to supply the Oriental trade as well as the Philippines and the Hawaiian Islands will also be established.

WE WILL WELCOME TEDDY

WASHINGTON, Oct. 31.—To Representative Jones of Washington, who called upon President Roosevelt today to pay his respects, the President expressed a great interest in the Northwest. He said he expected to make a tour to that part of the United States next summer.

Steam Auto.

NEW YORK, Oct. 31.—James S. Mitchell, the weight thrower and G. W. Soules have just reached this city in a steam automobile, which left Toledo on October 14 on an endurance test. The test extended through 825 miles of country and included all sorts and conditions of roads, hills, dunes, cities, towns and villages. Though 17 days were spent on the road, there were only 90 hours of actual running time. In the entire trip the engine burned 90 gallons of gasoline which might be estimated as costing about 15 cents a gallon and consumed about 1000 gallons of water. The engine and running gear reached New York in good condition.

Husband Poisoner.

ROCKMAN, Mont., Oct. 31.—Mrs. Lucy Black, charged with having poisoned her husband, has been bound over without bail on a charge of murder.

ARIZONA RANCHER KILLED

TUCSON, Ariz., Oct. 31.—Jose Ramado, the owner of a large ranch near Guaymas, was assaulted by a band of Yaqui Indians yesterday and killed. The Yaqui raised the ranch, stealing the horses and corn. They visited several other ranches and, it is reported that they killed other ranchers. Almost every day during the past week raids have been made and the ranches along the river are almost deserted.

MISS STONE COMING TO AMERICA

To Visit Relatives as Soon as She is Released.

NEW YORK, Oct. 31.—Americans are preparing a reception for Miss Stone upon her release, says a Sofia correspondent of the Journal and Advertiser. The Russian Minister, Bakhmeteff expects a letter soon from Miss Stone and the brigades through the envoy sent last Friday. It is believed that Miss Stone will be able to present at Philadelphia on November 8, at the dedication of the new American church there. After that she will doubtless go to the United States to see her relatives. It is hoped that Miss Stone will be able to reach America by Thanksgiving day in case she is released by the brigades.

WASHINGTON, D. C., Oct. 31.—Referring to the opinion expressed yesterday in some Russian publications that Miss Stone is probably dead, the State Department is convinced to the contrary. Late advices received indicate communication has been established with the brigades. Department officials are sanguine.

MUSICAL PRIZE

Given by Paderewski Last Year.

NEW YORK, Oct. 31.—The judges in the competition for prizes from the fund established by Ignace C. Paderewski last year, have announced their decision. There were three prizes of \$500 each for the best work for orchestra, the best piece for chorus and orchestra with or without solos and the best piece of chamber music for any combination of instruments. The competition was restricted to composers, born in the United States. The awards were:

Work for orchestra, to Henry K. Hadley, musical director of the Cathedral School of St. Paul, Garden City, L. I., for his symphony—"The Four Seasons." Choral work, Horatio W. Parker, Bates Professor of Theory of Music at Yale University. For "A Star Song" Cantata, for solo, chorus and orchestra. Chamber music composition, Arthur W. Bird, for a serenade for wind instruments.

ANTI-LIQUOR LEAGUE

NEW YORK, Oct. 31.—A dispatch to the London Times and the New York Times from Berlin says the Society for Combating the Abuse of Spirituous Liquors has begun a conference at Breslau. Baron Von Diergardt said at the conference he believed that alcohol would one day be universally regarded as an enemy of civilization, but at present it was only possible to recommend moderation in its use. Seven hundred and fifty millions of dollars was yearly spent in Germany on intoxicating liquors. It was estimated that the average German consumed the equivalent of five glasses of spirits a day.

Baron Von Diergardt added that one difficulty in the campaign was that the state itself was interested in alcohol, deriving as it did, a revenue of \$41,000,000 from spirits and \$25,000,000 from beer. One third of the exports to Togoland and one seventh of those to East Africa consisted of alcohol.

DROWNED IN SIUSLAW RIVER

Afternoon Press League Special.
EUGENE, Oct. 31.—News was received here last night that Voltaire Gurney and his son, Robert, were both drowned in the Siuslaw river at Mapleton, last Monday while working on a log raft. No particulars as to the accident have yet been received.

KING'S HEALTH ALARMING

Yellow Telegrams Say He is Bad Off

Medical Journals Differ Radically as to the Facts.

And Probably No Two Doctors Can Agree on the Diagnosis.

NEW YORK, Oct. 31.—The London correspondent of the Tribune cables that the "Medical Press Circular" prints some alarming details on the subject of the King's health. It is stated that papillomatous growths have on three occasions been removed from the King's left vocal chord and immediately after the operation has since been rendered necessary.

LONDON, Oct. 31.—The "Lancet" says it has official authority to announce that the recent rumors regarding the health of King Edward are entirely without foundation and that the King is in good health and has undergone no operation whatever.

"Under the circumstances," says the Medical Press, "it seems right and proper that the natural anxiety should be at once met with a clear announcement as to the truth or otherwise of these distressing reports."

ANTI-STRUCTOR DECISION

NEW YORK, Oct. 31.—Eugene Lesinsky, San Francisco and New York dry goods commission merchants obtained in the Supreme Court under Judge Foreman a verdict for \$5000 against the Metropolitan Street Railway Company because he refused to pay a five cent fare twice and was ejected from the car. During a blockade on Broadway, Mr. Lesinsky was transferred from one car to another, the conductor afterwards refusing to recognize the transfer.

PURE FOOD LAW

That Includes all That Can Be Sold For Human Consumption.

NEW YORK, Oct. 31.—What is said to be the strictest pure food law in the United States, will go into effect in New Jersey tomorrow. Its enforcement has been entrusted to the New Jersey State Board of health. Under it, the office of State Dairy Commissioner is abolished, and his duties will come under those of the chief food inspector. There will be a large number of deputies scattered all

It does not matter whether these or anything else is manufactured or put up outside the state or in it, they are liable to come under the ban of the law if the analysis to be made from time to time shows them to be unfit for human food.

FRENCH STATE RAILWAYS

NEW YORK, Oct. 31.—The Matin, quoted by the Paris correspondent of the London Times and the New York Times says the French railways are about to ask the state to provide rather more than 48,000,000 francs, the amount by which the railway's net profit last short of the fixed charges. The correspondent says the amount of the railway deficit will probably exceed 60,000,000 francs by the end of the year. He adds that the general budget deficit is likely to be 100,000,000 francs.

SULTAN SAYS HE IS INNOCENT

CONSTANTINOPLE, Oct. 31.—The Turkish government is preparing to resist the anticipated demand of the United States for repayment of the ransom necessary to secure the release of Miss Stone. The Porte repudiates all responsibility for the kidnapping of the two missionary women.

The Rev. Charles Herald, who since his ordination in 1889 has been pastor of the Bethesda Congregational church in Brooklyn, was suddenly stricken blind while in a trolley car on his way to consult an eye specialist.

Pure Blood

We wish you would ask your doctor what makes you so nervous, why you are so easily tired, and what makes your digestion so weak. See if he doesn't say, "Impure blood." He will probably speak about Ayer's Sarsaparilla, too.
